

NHSGA Senior Showcase Invitational

Special Notes on Rules for NHSGA Senior Showcase Invitational:

As for the rules...in the past we have awarded bonus (additive value, whatever term you want to use) different from L9. We have been awarding the difficulty value for Ds (+0.1) & Es (+0.2) per L10 and for connection value we have been awarding either per L9 or L10 whichever works in the gymnasts favor. I'll give some examples...

Examples: On UB, the athlete does giant 1/2 + giant 1/2. Both are C skills. Using L9 connection value this gets +0.2, but in L10, this only gets +0.1, so we would use the CV for L9.

However, the opposite can also be true. Using FX dance example: Wolf jump 1 1/2 + wolf jump full...if we award per L9 rules this would be a C+C (as elements cap out at C value at L9) so it would only get +0.1 in CV, but if we used L10 rules this could be D+C and get +0.2 in CV.

If you have specific rule concern you may contact Dean Ratliff, he will be our Meet Referee and Technical Director for the NHSGA Senior Showcase Invitational. His e-mail is rdeanr@aol.com

Good luck and see you at the Invitational.

Margie Canfield and the NHSGA Executive Board
